Good day everyone!

Below are some important notes regarding some awesome Greyhounds, Covid-19 and maintaining the health of our community together, Grade 8 open houses, and some upcoming spirit days.

### RECOGNITION

On Monday, we had our second virtual recognition assembly of the year. The students named below were recognized for demonstrating qualities and character traits that align with the people we want to be! Kindness and integrity were qualities highlighted a lot this month as was putting forth a great effort. These students certainly set great examples for their peers but our teachers mentioned that there are a great many Greyhounds who exhibit wonderful qualities so stay tuned for more names coming later this month! The order in which these students are named corresponds to the order in which they were presented (randomly) at the assembly!

### KEEPING OUR COMMUNITY SAFE

This second message is bolded in order to reiterate the importance of completing the daily Covid-19 assessment every single day. I have attached the link [here](#). We are working very hard here at the school to keep our students safe and we so appreciate the hard work and diligence you have shown in keeping our community safe. Students have needed some reminders to remain diligent with spacing so if you could help reinforce that message, we would be so grateful!!
