
YEAR-END COMMUNICATION WITH FAMILIES FROM THE PRINCIPAL

THANK YOU FOR SUPPORTING YOUR CHILD'S LEARNING FROM HOME

As this unique school year comes to a close, we would like to take this opportunity to thank all of our students and families for working together over the past 3 months to make learning from home successful. We've always known that the partnership between families and our school is key to providing the best educational experience for our students; this collaboration has been essential to our success!

OUR TECHNOLOGY BORROWING PROGRAM: LEARN FROM HOME

The DSBN is pleased to continue supporting your child's learning from home with our Technology Borrowing Program over the summer.

If you borrowed technology and your child will be returning to any DSBN school in September, we will share details in August about the return process. The DSBN Learning from Home website will continue to provide learning opportunities during the summer months.

Families with internet service being provided at home will continue to have the service until the start of the new school year.

If your child will not be attending a DSBN school in September, please contact the school to arrange for the return of any loaned technology by the end of June.

REPORT CARDS

This year, you will receive your child's report card in the mail. Families can expect them to arrive within the next two weeks. Please email the school/principal if you do not receive your child's report card by July 10th.

PREPARING FOR OPENING OF SCHOOLS: SEPTEMBER 2020

We want to hear your thoughts and opinions to support our planning for the opening of schools in September 2020. We invite you to take our 'Opening of Schools-Parent/Guardian Survey' by clicking on the link in the accompanying email.

We value your input. We are committed to working with you to ensure that the transition back to school in September is successful. Thank you for sharing your ideas. The survey closes on June 26th.

OPENING OF SCHOOLS: UPDATES DURING THE SUMMER

This summer, we will be providing updates about our preparations for school opening in September. A link to our summer updates will be posted on our school website when they become available.

These will include:

- Our preparations for a safe return to school in consultation with Public Health and the Ministry of Education.
- A "Frequently Asked Questions" section for you to visit for the most up-to-date information.
- Registration information. All families will be required to declare whether their child is returning to our school in September. This information will be essential for organizing homeroom classes. Details of this process will be shared on our website.

We wish you a safe, healthy and happy summer.
