If you are looking for something to do with the kids this coming week, the Fort Erie Public Library has a lot of events planned for over March Break. Click [HERE](#) to visit their website for more information.

Before sending your child to school with treats for their class, please contact the teacher to discuss options. Due to dietary restrictions and allergies, many classes are not able to share snacks.

We ask that you send in a change of clothes for your child to keep in their backpack or locker. The yard is very muddy this time of year.

Thanks to everyone who supported our Dance-A-Thon.

There are some photos available on [Instagram](#).

If you ordered the photo package, please keep watch in your email.

Great things will be happening at Garrison Road Public School this June! We are planning a super fun day for our students. If you would be interested in joining a volunteer sub-committee to help with planning, please contact the school.
