School Bus Safety Presentations:

In partnership with Niagara Student Transportation Services, we will welcome Intertrain to our school on Wednesday to present live school bus rider safety programs for the year.

Water Bottles/Change Of Clothes:

Please remember to send your child with a reusable water bottle. As well, for younger students, it is helpful if they have a change of clothes (either in their backpack or locker). Often we are calling home for new clothes when a child has an accident, spills something on themselves or when they slip outside. Keeping a change of clothes at school allows us to quickly get your child back to class while ensuring they are comfortable at school.
